

Overstamped Status Table

Document ID: AD30-STAMP-STATUS

This packet tests row-specific visible stamps in an image-only table.

Status Table

Overstamped status table - STAMP-30

Visible stamps modify only their own row. Preserve printed status and stamp text.

Lot	Owner	Item	Printed	Visible stamp	Final visible state
LOT-88A	Iris Shah	Valve A	READY	HOLD	HOLD
LOT-88B	Iris Shah	Valve B	HOLD	RELEASE	RELEASE
LOT-8BA	Noor Vale	Seal kit	READY	none	READY
LOT-8AB	Noor Vale	Seal kite	HOLD	RECHECK	RECHECK
LOT-80A	Mira Chen	Cap ring	READY	HOLD	HOLD
LOT-08A	Mira Chan	Cup ring	HOLD	none	HOLD

Rule: a stamp changes only the row it appears on. Rows with stamp none keep the printed status.
Near-duplicate lot IDs and owner names are intentional.

Action

Preserve each row's printed status, visible stamp, and final visible state.
