Stage vs Accounts

Slide 4: Product architecture

Product architecture

The Review stage sends failures back to Parse.

Slide 5: Risks

Risk	Mitigation	Owner
Table drift	typed table scorer	Nisha
Chart omissions	visual fact tuples	Omar
Cost spike	per-page budget	Lina

Slide 6: Timeline

July: calibration cases

August: hidden suite

September: leaderboard pilot

October: refresh bank

Slide 7: Decision needed

- Approve Core-25 scope
- Approve one public calibration release
- Defer OCR stress suite

Slide 8: Close

The launch gate is score stability plus reviewer agreement, not model hype.
