

FieldOps Control Room

Operate field teams from one daily command page.

Image panel

Hero image showing a dispatcher dashboard beside two technician route cards.

Callout: Average dispatch delay reduced from 42 minutes to 18 minutes.

CTA: Request the 14-day pilot.

Feature blocks

1. Live route board: see technician capacity by region.
2. Exception inbox: group stuck jobs by missing part, customer delay, or safety review.
3. Closeout packet: export work orders as Markdown or PDF.

Quote: The route board replaced three spreadsheets in the first week.
